September 23, 2002

Dear Mr. Fowler,

Thank you for your generous in-kind donation for the Shelter I foundation repair, sanitary line replacement & renovation project. This project was an enormous undertaking, but went smoothly and efficiently due to the efforts of many such as you who made it success.

With your help, we were able to move our children to another facility, continue providing high quality of care while maintaining a 97% occupancy level, complete the renovations and move the children safely back to our Shelter. All this was done within a short six-week timeframe to allow the children to move back and settle-in prior to the first day of school. We deeply appreciate your diligence and care in performing such quality work within a tight timeframe.

As you know, the Austin Children's Shelter relies upon the generosity of businesses such as yours to continue providing our high level of programs and services for children who are victims of abuse, neglect and abandonment. Your company is helping to make this important work possible. Your donation of time and materials above the base contract for plumbing repairs, drywall work, and concrete replacement enabled us to minimize our costs for this complex project during a difficult financial time.

This letter will also serve as record of receipt of your tax-deductible contribution of materials & services valued at \$4,900 to the Austin Children's Shelter, which is a 501c3 charitable nonprofit organization.

On behalf of the Board of Directors, staff, and most of all the hundreds of children for whom we will provide shelter this year, I thank you sincerely.

With gratitude,

Gena VanOsselaer  
Executive Director

Bruce Leslie  
Board Member
